Postmaster George Farnall Retires After 31 Years Local Service

Born in Kensington England 87 years ago, and having arrived in Belle Glade, via Canada, and other Florida communities, George P. Farnall retires Wednesday, August 2nd, after 31 years and three months service as Postmaster in Belle Glade.

No Jurisdiction Says Commission On Closings Hour

The county commission, for several weeks, has had under advisement, a request from a night club operator on the outskirts of Belle Glade, asking that hours be changed to include Sunday sales and other concessions for education.

This week, J. A. Finan, Belle Glade, who told the commission that he presented the liquor dealers inside the municipality of Belle Glade, a recent vote in that community which had previously been in effect, was a true vote of the majority. He said the vote only represented some seven percent of the people in Belle Glade and he further charged that pressure groups had a hand in influencing the final vote.

Finan charged that "bootleggers and moonshiners" had campaigned against the Sunday opening in order that they could do business in the area. He asked the commission to call another election.

The commission advised Finan that it was without authority to take any action on his requests since he had a business within a municipality and outside the jurisdiction of the county board. In another letter to the commission, Finan asked that liquor laws be changed to permit (Continued On Page Eight)

Free Vision Screening For Pre-School Pupils By Glades Optometrists

Dr. R. Y. Creech, Jr., of Belle Glade, and Dr. Richard C. Lane of Pahokee, members of the F.E.C. Optometric Association, are offering free screenings for pre-school pupils, as a result of a study made by the state association last year.

The 8-step readiness tests serve as screening to determine the presence of a vision problem, or eye condition which may be in need of treatment. It is said. These tests are not a complete vision examination, but are intended to help parents learn if their children are usually ready for school.

Friday, August 18th is the time set aside when any parent may bring the children, by appointment to these doctors.

Mrs. Charles Goodlett Injured In Accident

Mrs. Charles Goodlett suffered a broken arm and fractured leg at 12:15 Wednesday when she was attempting to cross the street, on West Ave. and Second St. walking North.

A car driven by Wilbur Clyde Fox turning on West Ave. and going West struck Mrs. Goodlett, knocking her 6 ft in the air and 10 ft. down the street.

She was rushed to Dr. Bak's office where x-rays were made, and taken home.

She also operated as an individual general contractor, processing its cane (Continued On Page 8)

Cattle Market Reports Activity Up And Upping

George Young, Manager, reports that the fiscal year of the Glades Cattle Auction Market ended Monday's sales, to find the year's business "up and upping."

There were 36,043 head of cattle sold during the '61 year for a total of \$3,941,175.

The Market has instituted "Board Sales" during the year which allows a rancher to present, according to grades, his herd to be inspected AT HOME by buyers and auctioned at the Market.

Another innovation is a feeder calf sale participated in by various markets throughout the state in order to attract outside quantity buyers. Successive sale days allows a visitor to take advantage of each sale.

Glades Guardsmen Are Homesick

By Sgt. Billy J. Swindle
News Reporter for
131st QM Company Belle Glade

The 131st and 149th Quarter Master Companies are entering their final week of summer field training at Ft. Lee, Virginia. All of the men have received and completed some of the highest quality of Military Petroleum Schooling in the first week of training. The second week will consist of the job training under the supervision of the instructors. The men will work at their specialized jobs as if they were in actual combat.

The company has received a superior rating under the Fort Lee grading system, and all regular Army Personnel who are teaching and grading the company are very impressed with the men's attitude and ability to supervise and complete their job. The Army personnel are very willing to help and cooperate. (Continued On Page Eight)

Hurricane Donna— Will "Play" Belle Glade Friday

Hurricane Donna will be shown on 16 mm pictures to Rotarians Friday, with Chief District Meteorologist Gordon Dunn of the Miami Weather Bureau providing background and descriptive information.

With the radarscope functioning to supplement other sources of information, Mr. Dunn says, "We had Donna under exact location at all times while treating the State of Florida."

There aren't any substitutes for Mr. Dunn's background of "know-how" when it comes to "South Atlantic Storms" for he has studied the "busters" of the Indian Ocean and the southwest Pacific as Technical Consultant for the Air Weather Service in India during World War II.

County School Budget Increase Nears 14%

Palm Beach County's school millage will be increased according to a tentative budget being considered by some 55 percent with approximately one fourth (1.22 mills) of that caused by the decreased assessment, and the balance caused by salary increases voted by the legislature and the added population of the county's schools.

The dollars and cents increase is from \$17,315,807 to \$19,750,924, for an increase of \$2,435,117, or actually approximately 14 percent moneywise.

For protection of the valuable crop of asparagus, there were

one of small capacity operated by an electric motor, and being controlled off-and-on by a float in the canal.

On Sunday night Nov. 6, 1932 around midnight, the "Boss" arrived home in WPB following some celebration, a bit thick-tongued. His wife, in no soliloquistic mood, under the circumstances, suggested he "Go right on to the Glades" instead of spending a few hours snoring at home.

When he arrived at the farm, it was "raining cats"; so, he cranked up the big pump, and went to bed.

At daybreak, there were very few spots of ground above water anywhere in the Glades, with a consequent drowning of near all crops.

Not so with the beans planted between the asparagus; they were saved. The night fall cash offers of unheard of proportions were being offered for the bean field "as is."

Selling \$12 to \$15 per hammer, beans brought a handsome profit as rent to the asparagus grower, and high commendation for his perspicacity in providing pumps, as well as compliments (Continued On Page Eight)

Flying To Chicago New York, Philly— Or Maybe Havana?

Congressman Paul G. Rogers on July 26 called for an ultimatum to Cuba, and recommended that it be backed up with forceful unilateral action.

In his remarks made on the floor of the House of Representatives, Rogers noted the danger of the present situation, and pointed out the fact that another attempt had been made by Castro to commandeer the United States flag.

He further stated, "If these attempts are not halted, and the safety of commercial air travel is again threatened, then action is the answer. The time has arrived for this nation to deliver an ultimatum to Castro, and back it up with forceful unilateral action."

Growing Pains And Added Services Bring 12% Gain In Hospital Budget

Budgetary requirements for operating year '62 of the Belle Glade Memorial Hospital are upped approximately 12 percent money-wise over '61, while services rendered, as measured in patient days, during '61 have increased approximately 32 percent over '60.

The budget provides for \$389,620 as against \$349,963 for the current year; during the nine months of '61 there have been 108,644 patient days of service as against 81,193 for the same period in '60.

The millage rate has been upped from 3.2 to 4.25; the tax assessor reported a decrease of

non-exempt property in the district of approximately 14 percent. It is anticipated that \$24,920 increase will be realized in revenue and \$17,800 will be a deficit.

Items included in the budget not heretofore are provisions for a Pathologist and a Resident Physician.

Salaries are given a 6 percent increase allowing an average increase of \$10 per month for each employee with a minimum wage of \$150 per month.

Among services being furnished at the hospital through cooperation with doctors and the Health Department are a heart clinic on alternate Thursdays; a maternity clinic each Wednesday and an indigent health clinic five days each week.

Last Rites Held For J. E. Caldwell

Last services for James Edward Caldwell, Sr., 63, of 584 E. Main St., Belle Glade, were conducted at the Williams-Wetherington Chapel Saturday afternoon at 2 o'clock when the Rev. S. J. Davis, pastor of the Church of God, officiated.

Mr. Caldwell died suddenly Wednesday, July 19 at 5:15 p.m. from a heart attack as he stepped from his truck on S. W. 34th St. He was pronounced dead on arrival at the hospital.

He was owner of Belle Glade Bottling Co., and was well known in the Glades area, coming here in 1929. He was a native of Mississippi was a member of the Masonic Lodge in Memphis, Tenn., a member of the WCVB here and was affiliated with the Church of God. He was always interested in city politics and at one time was candidate for the City Council.

Surviving are his widow, Mrs. Vannie Caldwell of Belle Glade; two sons, James W. Caldwell, Jr., and Roy H. Caldwell both of Belle Glade; two daughters, Mrs. Ruth S. Campbell of West Palm Beach and Mrs. Fay H. Hager of Germany; two brothers, J. Caldwell of Tennessee and Thomas Caldwell of North Carolina; and five granddaughters. Pallbearers were Edward E. Markham, C. A. Smith, Lonnie Warren, Clifton Lane, Curtis Sison and Irvin Glaser.

Burial was at Hillcrest Memorial Park, West Palm Beach.

Building Declines During First 7 Months of '61

Permits for the first seven months of 1961 were \$754,700 showing a decrease of \$241,562 over the same period in 1960.

According to W. J. Cunningham, Belle Glade building inspector.

Business permits issued this month were \$27,500.

Other permits issued were repairs and additions \$27,500; Sewer connections \$300; Electrical, 1 - \$100, making a total valuation of \$69,500.

The Improvident Must Visit Hospital Too!

Administrator Saunders of the Belle Glade Memorial Hospital says, "We know that some of those indebted to the hospital do not deny, themselves of luxuries in deference to a hospital bill, and they are not confined to any race, color or creed."

Belle Glade's hospital suffers the chronic disease of all public hospitals — there's never enough money earned to pay expenses. It's also suffering from the ailment of nonpayment of bills by those who might be able to do so if the proper attitude is present.

The non-payers range from the indigent, who are not financially able, those who might pay "something along," the indigent, those who say "Why worry" — it's cared for by taxes" to the down right irresponsible some of whom return after disregarding a bill deliberately and then quarrel because they're not given a private room.

Anyhow, some \$85,000 will be written off for the year just closing if custom is followed at the Belle Glade Memorial.

This amount taken from listed accounts receivable leaves about \$62,000 that is expected to be paid.

Taxpayers will "kick in" approximately \$126,000 for the coming year, with two thirds of it because of those who don't pay this year's bills.

Sugar Coop. Names Mill Contractors

George Wedgworth, President is announcing today the names of the Contractors for the 5,000-ton Cooperative Mill.

The statement contains the following:

"Farrel-Birmingham Company, Inc. of Ansonia, Connecticut is in charge of the construction and is also furnishing the milling tandem. Farrel-Birmingham company is affiliated with Sucro-Suco de Abasco, Inc. of San Juan, Puerto Rico, which is also supplying certain of the sugar processing basic equipment."

City Manager Speaks At Civitan Club Meet

City Manager Royce Owens was guest speaker at the weekly meeting of the Belle Glade Civitan Club at Ray's Smoke-house on July 27.

He told the members of some of his past history in municipal administration and something of the policy of Belle Glade City government. Mr. Owens has worked in Montevideo, Minn., Golden Valley, Minn., and Deerfield, Ill.

Mr. Owens was introduced by Mr. J. A. Finan, Belle Glade, who told the commission that he presented the liquor dealers inside the municipality of Belle Glade, a recent vote in that community which had previously been in effect, was a true vote of the majority. Grassroot Opinions

CORVALLIS, ORE., GAZETTE-TIMES:
 "We would like to launch a vigorous protest against a ruling by the U. S. Internal Revenue Service which will not permit a privately owned business—corporation, partnership or individually owned—to charge off as an expense any advertising which attempts to sell the opinions of its owners if these opinions are contrary to those held or a policy set by the Federal government."

KING FERRY, N. Y., TRIBUNE: "It has become apparent, after 322 major work stoppages, strikes and boycotts at 22 states that have cost the U. S. missile program program 162,000 man-days of time and extorted uncountable millions of dollars from U. S. taxpayers, that new, clear-cut legislation is needed to put the national defense program back on the track. Only the most forthright and specific legal restraints can put an end to the wholesale sabotage that has even so, for the most part, violated existing law."

The medical officer was testing the water supply. "What precautions do you take against infection?"

"We boil it first, sir," the sergeant replied.

"Good!"

"Then we filter it."

"Excellent."

"And then," said the sergeant, "just for safety's sake, we drink beer."

Uncle Dan From Democrat River

Dear Mister Editor:

Zeke Grubb's preacher came by the country store Saturday night and set with us for a spell. It's the first time I can recall we've had the preaching perfunctory represented at one of our sessions.

The good Parson said he had a big wife and a little house and he took up preaching so's he would have some place to talk. He told the fellers it ain't knowed much by the public but most churches has now got quotas and a preacher moves up the ladder according to his reputation for meeting them quotas. If a preacher don't git his share of new members, he's liable to keep right on preaching like he is — at a country church.

The Parson allowed as how meeting the quotas was getting to be real tough. He said they got to steal the new members from some other church and a heap of times they don't want to

leave their own church. He says when a newcomer comes to the neighborhood, first off he goes right away and mows his lawn to soften him up, then he offers anybody at any time to fer free. He said the Membership Committee was discussing a plan for giving traveling stamps in a car drive.

Speaking of committees, he claims the public don't know it but committees is the backbone of the church. Fer instance, he explained, they got 14 committees at his church and all of them is doing a outstanding job.

He had special praise for the Stove Committee and the Garbage Committee. The Planning Committee, he announced, was figuring on getting another kitchen can for the church kitchen and in that case, they'd probable have to add a member to the Garbage Committee.

He said his church had 301 committee meetings last year and he attended ever meeting. He claims he don't have any time no more to read the Good Book on account of attending so many committee meetings. Right now, fer instance, the Fund Committee is working on a chicken dinner project. He says he is again church dinners as a general thing and aims to speak his piece at the next committee meeting. He claims the congregation sets chicken with a wonderful Christian spirit but backslides in paying for the chickens.

It was mighty educating, Mister Editor, to have a preacher explain how things works on the inside, especial in this matter of quotas and committees. Fer instance, we ain't got no stove committee at our church and I aim to take the problem up Sunday. And I'll bet this feller is a real good preacher too, note the religious fodder down on the ground where the billy-goats can reach it, and if there is any giraffes in the congregation, they can stoop over.

Yours truly,
 Uncle Dan

Poll Reveals High Standard Of Living Enjoyed At Expense To American Farmer

The lady shopper in a large metropolitan center was told by the check-out girl, "The amount is \$12.91."

"No wonder farmers are getting rich," exclaimed the shopper in a mistaken attitude all too common among urban residents today.

The lady's shopping bag contained 6 bottles of cold drink, 3 pairs of nylon hose, 2 long playing records, 50 pounds softener salt, 1 box cornflakes, 1 long-handled mop, 1 egg beater and 1 quart milk.

Actually, her groceries came to 52 cents for the cornflakes and milk. The farmer's share of her purchase was 13 cents. Can the farmers be getting rich off her purchase?

This is not an isolated instance. A recent Gallup poll revealed that the most frequent complaint on the part of the general public is concern about the increased cost of food. Yet facts reveal that, in terms of hours or minutes of labor required now to purchase any of the various items of food, consumption not only to farmers but to all Americans.

As the new Secretary of Agriculture, Orville L. Freeman, points out, "Cost of cartage and transportation have twice as much as that of food during the past 10 years. The relatively slight rise in food costs has been one of the most medical care and non-inflationary aspects of our economy in recent years. If prices received by farmers had increased in proportion to other prices, and if medical care had been passed on to consumers, Americans would pay billions of dollars more each year for food and clothing."

"And thus, in a very real sense, all American consumers have gained at the expense of the American farmer. Unfortunately, there is little general public understanding of these facts."

Small Businesses Do Jo In Bonds Says Our Treasurer

Small business does a big job for the U. S. Savings Bond Payroll Savings Plan, according to the Treasury Department.

In a public service newspaper released today as part of the Bond program's 20th anniversary observance, the Treasury saluted the thousands of smaller employers who have taken initiative in installing and promoting this automatic thrift plan for their employees' benefit, often without professional help.

Official estimates indicate that 45,000 companies offer the plan. These include most of America's largest corporations, but also many companies, in all types of business, which employ fewer than 100 employees.

In many cases the plan has been offered continuously since 1941. In a statement acknowledging the Treasury's tribute, Cortland J. Silver, St. Paul, Minnesota, jewelry executive and vice chairman of the National Small Business Advisory Committee, said that "his achievements come in small packages."

"Small companies account for a large percentage of the 8 million Payroll Savers who buy a million dollars' worth of U. S. Savings Bonds every hour of every working day. We are proud to help our employees save for security — proud of our part in helping to keep America strong and free."

Florida 100 Years Ago...

Aug. 1 — Finance problems are seriously plaguing the Confederacy, according to a report issued three days ago by Treasury Secretary Christopher Memminger. It was planned that current government expenses would be met by income received from the sale of bonds, but public's response has been so lacking, according to Memminger, that bond sales cannot be depended upon as the main source of revenue. Treasury notes are now on sale, and the Secretary has asked the Congress, meeting in Richmond, to vote an ad valorem tax on slaves, real estate, merchandise and stocks. He estimates that such a tax will raise at least \$20,000,000.

The U. S. steamer Mohawk has begun blockading St. Marks. President Jefferson Davis announced that he is recommending the promotion of Edmund Kirby Smith and William W. Loring of Florida to the rank of brigadier general in the Confederate Army.

Confederate Congressman James B. Owens from Florida has been granted a ten-day leave of absence from his Congressional duties because of sickness in his family. Florida papers are reporting the escaped that many citizens from Fernandina came down to the beach hoping to help save the Confederate Vessel. Captain Elias Yulee, brother of former Senator David Levy Yulee, ordered several pieces of artillery to be brought in from Fort Clinch. The Federal commander and thought the Confederates might be able to save their ship and so he ordered the Alvarado burned.

Aug. 7 — More and more people, who first thought that the government has no control over state militia except as it is exercised through the governors of states. The Department has also rejected all offers to recruit Negro troops.

The government in Richmond has announced that to date Southern privateers have captured 51 prizes, whose aggregate value is more than \$3,900,000.

Florida newspapers are describing the general Southern enthusiasm over the results of the Battle of Bull Run. It has been learned that the North lost 400 killed, 1,124 wounded, and 1,312 missing, not including Congressmen Ely of New York, who was captured and is now in Libby Prison in Richmond.

General Johnston officially reports Confederate losses at 378 killed, 1,489 wounded, and 30 missing.

According to reports reaching the South there is general discouragement — a dim dismay throughout the North over the results of the fighting in Virginia.

regards, Duval County's Cow Boys, Madison Grey Eagles, Jefferson Rifles, and the Columbia County Dixie Stars. Four companies will be stationed at St. Augustine, two at the Bluff near the mouth of the St. Johns, and the other six at Fort Clinch in Fernandina.

The Confederate Post Office Department has been receiving an increasing number of complaints about poor service. One Florida paper explains that the inefficiency was probably due to "false economy and the lack of clerks to handle . . . the quantity of mail."

Answering a large number of inquiries one Florida newspaper has published the official pay scale for Confederate army officers and enlisted personnel:

Colonel, \$175 a month; Lt. Col., \$175; Major, \$150; Captain, \$100; 1st Lt., \$80; 2nd Lt., \$60; Sgt., \$15; and Pvt., \$11, plus a yearly clothing allowance and one food ration a day.

Aug. 10 — Confederate attacks on Northern ships have increased so much that the New York Herald is complaining that the shipping interests of the Union are "literally ruined."

Confederate of the Navy Mallory's "hit-and-run commerce-raiding program is responsible for these successes, according to a Florida paper."

The 3rd Florida Infantry Regiment is being mustered into Confederate service today on Amelia Island. It includes the following companies: Jackson Southern privateer. Jefferson Davis. The attack on the Alvarado was so close to Amelia Island that many citizens from Fernandina came down to the beach hoping to help save the Confederate Vessel. Captain Elias Yulee, brother of former Senator David Levy Yulee, ordered several pieces of artillery to be brought in from Fort Clinch. The Federal commander and thought the Confederates might be able to save their ship and so he ordered the Alvarado burned.

Aug. 7 — More and more people, who first thought that the government has no control over state militia except as it is exercised through the governors of states. The Department has also rejected all offers to recruit Negro troops.

The government in Richmond has announced that to date Southern privateers have captured 51 prizes, whose aggregate value is more than \$3,900,000.

Florida newspapers are describing the general Southern enthusiasm over the results of the Battle of Bull Run. It has been learned that the North lost 400 killed, 1,124 wounded, and 1,312 missing, not including Congressmen Ely of New York, who was captured and is now in Libby Prison in Richmond.

General Johnston officially reports Confederate losses at 378 killed, 1,489 wounded, and 30 missing.

According to reports reaching the South there is general discouragement — a dim dismay throughout the North over the results of the fighting in Virginia.

Miss Linda Jean Evans Becomes Bride Of Brown Satterlin In Saturday Vows

MR. AND MRS. BROWN SATTERLIN

In a candlelight ceremony at 8 p. m. Saturday, at the First Baptist Church, Miss Linda Jean Evans and Carl Brown Satterlin, Jr., were united in marriage by the Rev. C. W. Stephens, pastor of St. Andrews Baptist Church, Panama City.

The bride is the daughter of Mr. and Mrs. W. J. Evans, Belle Glade; her parents are Mr. and Mrs. C. B. Satterlin of Mulberry.

Double ring vows were said before an altar flanked by two standing baskets of white gladioli and white pompons, with a background of tiered palms and candelabra.

Given in marriage by her father, the bride was radiant in a gown fashioned with a bodice of Chantilly lace, the neckline accented with sequins. The nylon taffeta skirt, appliqued with cutouts of Chantilly lace outlined with sequins fell to a chapel train. Her finger tip veil of illusion was attached to a tiara of seed pearls and sequins and she carried a white bible topped with tuberoses and a white orchid.

Miss Sue Clark presented a program of traditional wedding music. The bride and groom sang a duet "Wedding Prayer." The bridesmaids, Miss Sonja Figueroa, Miss Annette Collins, and Miss Sarah Jane Poole wore dresses of tulle color orchid of silk organza with orchid accessories. Their nosegay bouquets were of tulle centered with purple orchids. Little Miss Rhonda Evans flower girl, in an orchid silk organza frock, accented with pink carried a basket of rose petals.

Dr. Glen Mayor of Orlando was best man and groomsmen were Oscar Garnet Homestead, Billy Ray Evans, brother of the bride and Robert Cunningham.

For her daughter's wedding, Mrs. Evans chose a beige dress of lace and organza, with pink accessories and a corsage of shaded pink and white mums. Mrs. Satterlin, mother of the groom wore a Navy blue lace with accessories to match. Her corsage was of white carnations.

The reception was held in the church parlorium with Mrs. Ralph Kirk and Mrs. Lloyd Strayer in charge. Miss Rhonda Evans, daughter of the bride, and Phyllis Buss, Miss Sue Clark and Mrs. Janette Walker served punch.

Mrs. S. S. Hill, of Versailles, Ky., assisted in receiving the guests.

The bride's table with an imported linen cutwork cloth, held a three-tiered white traditional wedding cake, with miniature bride and groom in a lace covered arch at one end of the table, and a crystal punch bowl at the other end. Both were encircled with bits of lavender crepe myrtle and greenery. A lovely arrangement of white gladioli and white pompons the tips and foliage fringed with lavender in a footed sterling silver bowl, flanked with silver candelabra and orchid tapers completed the table appointments.

The couple left on a tour of Florida and after August 5 will be at home at 607 S. W. Main St. For traveling the bride changed to a beige dress with white accessories and an orchid corsage.

Out of town guests included Mr. and Mrs. C. B. Satterlin and daughter Linda, Mr. and Mrs. E. J. Lair of Mulberry; Mrs. Carrie Terry and Jimmy Kay Sherry, Homestead; Dale Tidwell, Cullman, Ala.; Mr. and Mrs. M. C. Shilling and daughter, Phyllis of Avon Park.

Mrs. Satterlin is a graduate of Belle Glade High School and attended Florida Southern College, Lakeland, where she studied music.

Mr. Satterlin is a graduate of Bay County High School, Panama City and Florida State University and attended New Orleans Theological Seminary. He is now Minister of Music and Youth director at First Baptist Church.

They visited Paradise Beach, a lot of sightseeing, went shopping and took in some floor shows.
